

## SKIDS

Delaware Valley Box and Lumber is the largest supplier in the New Jersey, Eastern Pennsylvania, Delaware and Northern Maryland area of custom wood skids for domestic and export shipping. We can design the skid for you or build from your prints. All our skids are made from premium lumber and are built so your product will arrive safely at its destination.

We can make your skids from the following materials:

### MATERIALS USED

- S4S KD wet lumber
- Treated KD lumber
- Composite lumber

### SKID SERVICES

- Heavy duty construction
- 2x4, 3x4, 4x4 Runners with rubbing strips
- Decks with plywood, 1" or 2" lumber
- Bolted headers
- Floating decks
- Equipment mounting collars
- Air-dampened pallet cushions
- Steel fixtures and bracketing
- Wood mounting fixtures
- Painting and stenciling
- Mounting hardware

ISPM 15 Certification – we have been inspected and certified for ISPM 15 requirements for international shipments

We can deliver the skids to you for packaging or can perform the packaging for you at your facility or ours.
